

Greenbrier Physicians

A Multispecialty Clinic

Providing Total Healthcare For Over 38 Years

Bringing Quality Healthcare For Your Convenience To

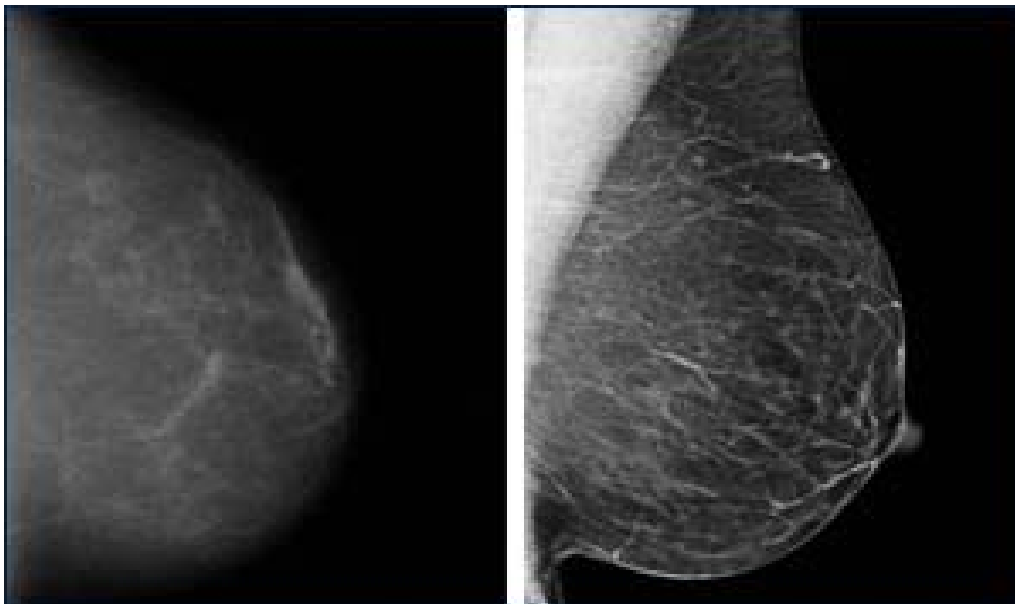

200 Maplewood Avenue Ronceverte, WV 24970

NOW OFFERING DIGITAL MAMMOGRAPHY

Digital Mammograms:

- Quicker mammograms, since there's no need to wait for film images to be developed
- Images can be viewed instantly by the technologist and radiologist
- Images can be easily transferred electronically with no loss of image quality
- Computer-assisted optimization helps radiologists detect micro-calcifications that might be missed on traditional film mammograms

Film vs. Digital Mammography: a traditional film mammogram on the left, compared to a sharper, more detailed digital mammogram of the same breast, at right.

Digital Mammography Appointments call: 304-647-1102 or 800-677-5161
